

Laboratory Sheet 2 – Bootstrap

template.html

1. Download/copy the “Portfolio” Bootstrap 3 Template from https://www.w3schools.com/bootstrap/bootstrap_templates.asp
OR the Bootstrap 4 Basic Template from https://www.w3schools.com/bootstrap4/trybs_template1.htm
OR the Bootstrap 4 “Cover” Template from <https://getbootstrap.com/docs/4.0/examples/cover/>
2. Convert your CV webpage from lab 1 to the Bootstrap template
3. Edit the Navigation Bar to link to your previous lab’s solution
4. Include in the body of the page:
 - a. circle images
 - b. a striped table
 - c. a carousel
5. Resize your browser window to check the responsiveness of the various elements
6. Include a grid system with 3 equal columns:
 - a. for small devices
 - b. for medium devices
 - c. verify the stacked-to-horizontal behaviour with both classes above, by resizing the browser window
7. Add additional elements of your choice to the design
